Testimonials

“ Thetford was a great adventure for the U3rd's to experience living and surviving in the wild. We built up friendships and made older ones stronger. It pushed us to our limits and made us really think about working in teams and what you can achieve when you work well together. It truly tired you out but it was great!

“ Norwich High would like to thank you and your team for the most remarkable day. Every girl experienced self-challenge, showing they were ready to break the mould and try something new.

“ Just a massive thank you for all of your help setting up the trip this week. The trip was fantastic and everyone had an amazing time!
